WHOLESALE INDICTMENTS.—At 4 o'clock yesterday afternoon the Grand Jury in the Second Judicial District Court, in and for Ormsby county, returned true bills of indictment against twenty-nine men for murder in the first degree; against twenty-seven men for State Prison breaking; and against two men for attempting to break out of the State Prison—both of the latter offenses being felonies.

Those indicted for murder in the first degree (in killing Francis M. Jones—Pikeley not being named) are: William Russell, Charles Jones, Thomas Heffron, Tilton Cookrell, John Squires, Thomas Ryan, Thomas Flynn, George Roth, William Forrest, Frank Clifford, J. Bedford Roberts, Elijah Ingram, Edward B. Parsons, John G. Watson, James E. Chapman, Edward Bigelow, Tim McNamara, John Burke, Pat Hurley, Chris C. Blair, Marion Pruitt, David Lynch, Pat McTune, William Willis, Daniel B. Baker, John I. Jacks, Thomas Carter, Daniel Taylor, and Bernard J. Cosgrove. The two latter named convicts are also indicted for an attempt to break prison, and all the others are jointly indicted for State Prison breaking. The indictments include all the convicts who escaped by the 17th of September break, (and Dan Taylor and Barney Cosgrove, who took part in the break but failed to escape) except Leander Morton and Moses Black, who were hanged at Bishop Creek. Eleven of the indicted are still at large, and eighteen of them are now in the State Prison, and will be arraigned in Court to plead to the indictment at 2 o'clock p. m. to-morrow. Following is a list of those who are still fugitives from justice: David Lynch, Charles Jones, Chris C. Blair, Tim McNamara, Tom Heffron, John G. Watson, William Forrest, Daniel B. Baker, John I. Jacks, Pat Hurley, and Elijah Ingram.

ELECTION OF OFFICERS.—At a regular meeting of the Adelpi Club, held on Tuesday evening last, the following officers were elected to serve for the ensuing six months: President, Z. S. Eldridge; Vice President, M. D. Wheeler; Secretary, Theo. A. Hale; Treasurer, H. J. Peters; Executive Committee—Messrs. P. Cavanaugh, J. H. J. Peters, and H. B. Slocum; Literary Committee—Messrs. B. C. Whitman, E. W. Hiltner, and F. D. Hetrick. It is the intention of this club to give a series of entertainments during the winter months, to alternate with literary entertainments consisting of lectures, readings, etc. We are glad to know that the "Adelpi" still lives. Its members assure us that it never was in a more flourishing condition than at present, and that it will be one of the permanent institutions of our city we do not doubt. The club is in the third year of its existence, and at present numbers thirty members. It is the intention to give the opening soiree one week from this evening.

NEW COURSE.—The subject of organizing a joint stock Jockey Club in this city, for the purpose of building, maintaining and running a new race course, is being seriously canvassed among leading horse fanciers and the sporting fraternity generally. The site talked of is Clayton's ranch, on the south side of the Warm Springs road, between the Orphan Home and the State Prison. It is also in contemplation to erect suitable buildings on the premises (outside the course) for the holding of the first State Agricultural Fair of Nevada, in 1873. The movement will probably assume more definite shape within a few days.

RED MEN.—Nute Tribe No. 1, Improved Order of Red Men, will hold its regular weekly meeting this evening, at the Wigwam. By a notice in our advertising columns, it will be seen that the Tribe will meet "on the sixth sleep of every seven suns, at the seventh run." Stripped of mystery, this means every Friday evening at 7 o'clock—there being seven suns in the week, Friday being the sixth, night being the sleep, and 7 o'clock being the seventh run of the sun.

GUILTY.—Ak Wee, the Chinaman indicted for burglary in breaking into the store of John Cheney, some weeks ago, yesterday pleaded guilty to the indictment, and will be sentenced at 10 o'clock Saturday morning.

CATHOLIC.—There will be no divine service in the Catholic Church in this city on Sunday next, owing to the absence of Rev. Father Torney, who is on a visit to Aurora.

D. D.—Constable Hodgkinson, yesterday afternoon, picked up an armful of drunken helplessness from the sidewalk, and placed it in a dry cell in the County Jail.

A VALUABLE DISCOVERY.—In this age of steam, no preparation of modern times has been more needed than one to preserve boilers from the decomposing influences of mineral waters. Sweet's Chemical Fluid, a recent discovery, fills the bill perfectly, cleaning the scales from boilers by acting upon the water only and without the slightest effect upon the iron. Ascertaining the value of this preparation while in the East recently, Colonel Abe Curry of this city purchased the right to manufacture and to use the fluid in all the Pacific States and Territories. His first experiment was with the boilers of the Ophir hoisting works, in Virginia, in which the fluid worked to a charm. He is now cleaning the boiler of a locomotive for the Virginia and Truckee Railroad Company, and since the effect at the Ophir mine became known he has received large orders from the Union Mill and Mining Company and others. The especial attention of mill men and others using steam is called to the advertisement of Colonel Curry. "There is money in it," for G. E. Ames, Chief Engineer at the Ophir works, pronounces the fluid one of the most valuable discoveries of the age.

PILLBOX.—This splendid Carson horse acquitted himself with honor in the two-mile and repeat race at Alameda, California, yesterday, although beaten. He beat Cromwell and lapped Atchison out in 3:46 and 3:43½, over a track reported "heavy and deep." This was remarkably good time, considering that Pillbox (according to the San Francisco Call) went upon the track lame, from having had a leg hurt by getting it over a rope or hitching-stump. For bottom and speed combined, put him in good condition and "send him" for blood, Pillbox is chief of the turf on this Coast.

BRASS-MINT.—We are favored by Henry B. Bostwick, Chief Clerk, with the operations of the United States Branch Mint, Carson, for the month of October, 1871: Received: Gold, 14,133.416 ounces—\$262,947.30; silver, 217,992.88 ounces—\$235,247.86; total ounces, 231,735.504; total value, \$518,295.16. Coinage and bars: \$908,552.67.

R. R. ACCIDENT.—An accident occurred on the King's Canyon track of the Virginia and Truckee Railroad at an early hour yesterday morning, by which two wheels of a flat car were broken. A Chinaman was letting a car down the grade, and in turning a sharp curve ran into a locomotive. Damage slight.

NOTICE.—The public are hereby cautioned against buying the water of a certain spring situate on the Lake Bigler Toll Road, about two miles from Carson, from W. D. Torreyson, or any person other than myself, the said spring being on my line of survey and claimed by me.

PAID.—The Treasurer of Humboldt county yesterday paid into the State Treasury, on account of December settlement of State taxes, \$14,320; White Pine and Lyon counties each paid in \$800, and Douglas paid in \$182.07.

ALAMEDA RACES.—Nell Flaherty won the mile and repeat race over the Alameda course, day before yesterday. The race was free for all fillies, and was for a purse of \$250.

STAGE TIME.—Until further orders, the stage for Steamboat Springs will leave this city at 10 o'clock in the evening, and will arrive at 10 in the forenoon.

BRUNSWICK.—The pans are in position at the new and mammoth Brunswick mill on the Carson river, and most of the heavy machinery is in place.

who will deposit their stock with the Secretary,
